

ENJOY THE TASTE OF EATING RIGHT.

Avatar Natural Foods is a food service company that specializes in manufacturing and distribution of exclusive gourmet products. We have been able to meet the needs of our customers by being small enough to create innovations that they ask for but large enough to produce any quantity that they need. We are a multifaceted company that controls our supply chain by manufacturing through our sister companies and our European Partners. Our exclusive distribution rights allow us to create products to our specifications, giving our clients the highest quality domestic and imported products on the market.

Avatar's "showcase" market and distribution center is located in a 70,000 square foot facility in Henderson, Nevada. The facility has our production and test kitchens from our sister brands: Yaya's Kitchens, Tuscany Cookies, Eat Pita and Fiave Donuts. All the products we showcase at our market are available to purchase in food service quantities.
